ENVIRONMENTAL PROTECTION REGULATIONS

CHAPTER 5

AIR POLLUTION CONTROL

Subchapter IV. Operations and Procedures

Section 5-405 Required Air Monitoring

- (1) The Air Pollution Control Officer may require the owner or operator of any air contaminant source to install, use and maintain such monitoring equipment and records, establish and maintain such records, and make such periodic emission reports as the Officer shall prescribe.
- (2) The method, or any conditions associated with the method, of air monitoring required under this section shall be approved by the Air Pollution Control Officer.
